# NEIGHBORHOOD OASIS

*City selects name for historic greenspace.*

The City Commission recently voted to approve a name for a neighborhood park located on the site of the City's former Police Station and City Hall. The attractive green space, located on the west side of Sunset Strip - one of the City's major arterial roads - midway between 12<sup>th</sup> Court and 14<sup>th</sup> Street, will be known as Sunrise Golf Village Park. Sunrise Golf Village was the City's original name when it incorporated in 1961. Sunrise Golf Village Park is an appropriate acknowledgement of the site's historical importance as the location of City Hall and the Police Department in the City's early years. The creation of Sunrise Golf Village Park provided an excellent opportunity to take a site with historical significance and develop it in a manner that benefits the community.

The park incorporates appealing landscape enhancements with a curving privacy wall that separates the property into two components. The first portion, which faces Sunset Strip, complements and softens the surrounding commercial properties and provides the public with an oasis of Royal palms, oak trees and open space. The park also features a semi-circular plaza with a sundial and benches, along with a new sidewalk and a bus bay.

The rear portion of the property, which faces NW 62<sup>nd</sup> Avenue, buffers residents from traffic along Sunset Strip. This portion of the project features a green lawn with clusters of oak trees and Royal Poincianas. Construction of the project cost approximately \$500,000, including design.
